HB 1593

Repeal of OK Municipal Employees Collective Bargaining Act *IS BEING HEARD TODAY ON THE SENATE FLOOR*

The war on the middle class and working families is about political payback. They want to restrict workers' rights to collective bargaining for a middle class life by cutting wages and benefits. Oklahoma legislators wants to take away collective bargaining for city workers – those workers who make sure you have water, plow the snow from your streets, pick up your trash, maintain your parks and recreational centers and maintain the properties of our police and fire stations, city hall, etc.

First they came for the Socialists, and I did not speak out – because I was not a Socialist.

Then they came for the Jews, and I did not speak out – because I was not a Jew.

Then they came for the Trade Unionists, and I did not speak out – because I was not a Trade Unionist.

Then they came for me – and there was no one left to speak for me.
