### **Special Update April 11, 2011**

Today at 11:30 a.m. the Stores Negotiating Committee Co-Chairman Local 562 Secretary Treasurer Steve Gukelberger and ATD International Representative Don Videtich had a conference call with NMB Mediator Jack Kane.

Mediator Kane advised us that he has designated two days for the Mechanic and Related Committee and the Company on April 28<sup>th</sup> and 29<sup>th</sup>. He stated the Stores Negotiating Committee mediation session dates would be scheduled at a later date.

We do however, anticipate meeting with the Mediator and AA Management sometime in May, but no specific dates in May have been confirmed by the Mediator. As soon as our next mediation session dates are confirmed, we will update the membership via the website and through the Locals.

As a reminder all the latest information and the full-text proposals for all contract articles are available for viewing on our negotiations website. Stay informed by visiting the TWU Negotiation website at: <http://aa.twu.org>

Once again, the Stores Negotiation Committee would like to thank our membership for their continued support and patience as we try to restore what used to be a Proud Career with American Airlines.
