

September 10, 2012

To All TWU Local 514 Members:

The Tulsa Oilers would like to thank you for all the years of loyal support you've given to our hockey team. It has been a privilege to partner with a group of dedicated professionals who represent the very best of our community and our state. The game of hockey places hard work above all other attributes and that is why we have been so proud to align our franchise with TWU Local 514. Your work and your sacrifice not only ensure safe travel for thousands of people every day, but also embody the spirit of our sport and the values of our organization.

We realize the uncertainty of the last several months has been extremely challenging for you and your families. The Oilers want each one of you to know that you have our full support and we wish you nothing but the best in the midst of these potential changes.

Just as we've done in the past, the Oilers are providing all TWU local 514 members and their families with free tickets to the first two home games of the 2012-13 season. On Friday, October 26th at 7:35 p.m., and Sunday, October 28th at 4:05 p.m., we invite you to the BOK Center to spend some quality time with your family and cheer the Oilers to victory. This is our way of thanking you for all that you do for us and for your commitment to Tulsa Oilers Hockey.

We look forward to the future with TWU Local 514 as one of our strongest partners. Please know how much we appreciate your work and your commitment to our team.

Thanks for all you do! Let's go Oilers!
