- AMR Employer Code: 10101
- Your Social Security number

2. Enter AMR Employer Code: 10101, your user ID (Employee Number) and PIN (your Birth Month and Day + Last 4 digits of your SSN in format 'mmdssss').
(When you log on to the system for the first time, you will be prompted to set up a new PIN.)
3. Select the "Create a Salary Key" option to obtain the six digit access code
4. See ARP comment

While there is no cost to the employee from AMR, the verifier may be assessed a fee. Public Service Agencies should visit the "Social Services" area on the website or call 1-800-660-3399. You can request an Employment Data Report, which includes employment and income information provided by AA, as well as information about verifiers who have requested your data. Payments will be made in a lump sum payment and will be mailed to your home address or direct deposited if you participate in the direct deposit program. Please check <https://epays.com> to determine when your severance checks and separation allowance are deposited into your account.

This benefits summary is neither as comprehensive nor as detailed as the plan documents or policy on Jetnet. In the event of any conflict between this summary and the terms and conditions of any particular welfare, benefit plan or policy, such plan or policy will govern. General Information for TWU Represented Employees Accepting the Early Out Incentive Package

Severance Recovery - Future Employment

If you are re-employed by American Airlines, you may be required to repay a portion of your severance payment. If the time covered by the severance pay exceeds the time on layoff status, you must repay the difference between the number of weeks for when severance was paid and the number of weeks you were on layoff status. **For example:** If you receive 13 weeks of severance at the time you left, but you are rehired after 7 weeks, you will be responsible for repaying the 6 weeks of severance you were paid at the time of layoff.

Profit Sharing Plan

Early Out Incentive Package is considered a voluntary separation from the company. As such awards are forfeited upon separation.

CE Rewards - Annual Incentive Plan (AIP)

Early Out Incentive Package is considered a voluntary separation from the company. As such awards are forfeited upon separation.

As a reminder, American is ending the Annual Incentive Plan (AIP) and CE Rewards as part of restructuring, replacing it with a new first-dollar profit sharing plan that will pay out in any year American makes a profit. September is the last month for which CE Rewards will be distributed.

Stock Options

All options are vested (exercisable) and will expire (or cancel) on 4/17/2013. You will automatically forfeit of ALL stock options 90 days after the effective date of your EO. Any vested options can be exercised during the 90 days until they are canceled. However, these options only have value if the stock price is above \$5. AMR's stock is currently trading in the OTCQB marketplace, but since the stock remains below \$5, employees should contact their broker or investment advisor before making a decision on these options. American cannot extend or replace previously-issued stock options under the current plan.

AMR cannot predict what the ultimate value of any of its securities may be, and it remains too early to determine whether holders of any such securities will receive any distribution in the Chapter 11 reorganization. It should be noted that in most Chapter 11 cases owners of equity securities receive little or no recovery of value from their investment.

Unemployment Compensation Insurance

Eligibility for unemployment compensation is determined on a state-by-state basis. If you choose to file for unemployment, American will take the position that you are not eligible for unemployment compensation as this is considered a voluntary separation from the company. Therefore, AA will contest all unemployment claims for voluntary program participants. Please refer to your local unemployment office for more information.

New York State only

Your Manager will give you Record of Employment Form #1A, 12.3 that is used for identification purposes when applying for unemployment insurance. It contains the company registration number – 43-704-09.

Connecticut Only

Your Manager will give you an Unemployment Notice Form #UC-61 that is used when applying for unemployment insurance. It contains the company registration number – 43-075-05.

Section 2 – Post Employment Benefits Information

What is COBRA?

“COBRA” stands for the Consolidated Omnibus Budget Reconciliation Act of 1986, which allows you to elect to continue health coverage for yourself and your eligible dependents if you lose coverage. Layoff and termination are considered qualifying events. Health and Welfare Benefits Plan documents are accessible for review at www.aacareers.com/ebg.

COBRA Process

You will receive a COBRA solicitation package in the mail from Benefit Concepts (BCI), our COBRA administrator. The COBRA packet will have information on your rights under COBRA, your election form with benefit options and their costs. COBRA packets can take up to approximately 3 weeks to be mailed to your home from the date your Payroll Transaction Record (PTR) is processed through the company. If you do not receive a solicitation package, you must call Benefit Concepts at (866) 629-0274 to request another packet. Claims administrators will not show eligibility until payment is made and processed.

You may elect to continue health coverage by completing the election form received from BCI. Submit the completed election form to BCI, and they will send you payment coupons for the coverage(s) that you elect. Premiums are due regardless of your receipt of payment coupons. Contact BCI at (866) 629-0274 if you do not receive them within 2 weeks of returning your election form.

The solicitation form will show both your company subsidized contribution for the initial 30 days and then full COBRA rates for the remaining 17 months. You will have up to 60 days from the date when the package is sent to you to return your COBRA election form to BCI. Coverage and payment will be retroactive to the date of separation.

If you elect to retire right after separation and enroll into Retiree Medical, once you enroll in Retiree Medical you are no longer eligible for the remainder of the 30 days of COBRA medical coverage at the company subsidized rates since you will be covered by the Retiree Medical Plan. However, you may continue your dental and/or vision at the full COBRA cost.

What coverage will I have if I elect COBRA?

COBRA continuation coverage is identical to the coverage provided under the plan for similarly situated active employees or their dependents, including any future changes that are implemented. You may elect to continue coverage for yourself and your dependents for a maximum period of 18 months, if your coverage ended due to layoff or termination of your employment for any reason.

If you elect coverage, you will remain in the same plans that you are in today for the remainder of the plan year; however, you may elect to drop coverage for yourself or different individuals in your family. Your cost for medical coverage for the first 30 days after separation is in the chart below. HMO costs vary, contact HR Services or Benefit Concepts for information regarding full COBRA rates. All billing is processed by BCI our COBRA administrator.

IMPORTANT: If you were enrolled in a Health Care Flexible Spending Account (HCFSA) you will receive a separate packet from BCI for this account. You may continue to contribute to this account on an after tax basis through the end of the year in which your event takes place. If you do not wish to continue after tax contributions you may only file claims for reimbursement up to the date of your separation.

How do I elect COBRA coverage?

You will automatically receive a personalized COBRA solicitation package at your home within approximately (3) three weeks of your separation containing all the information you need to elect coverage, both during the initial 30-day period of company subsidized benefits and for the remaining 17 months of coverage.

This benefits summary is neither as comprehensive nor as detailed as the plan documents or policy on Jetnet. In the event of any conflict between this summary and the terms and conditions of any particular welfare, benefit plan or policy, such plan or policy will govern. Plans and policy remain subject to amendment, modification or termination at American's sole discretion subject to the requirements of any applicable agreement.

General Information for TWU Represented Employees Accepting the Early Out Incentive Package

There are two ways in which you can make elections:

Complete and mail the election form back to BCI. Once BCI receives the election notice, their system will be updated within 72 hours to show the elections. After elections are in the system you can make a payment. Once payment is made and posted eligibility will be sent to your claims administrators.

Or you can

Complete and fax the election form to BCI at (866) 629-6390. Once BCI receives the election notice their system will be updated within 48 hours. After elections are in the system you can make a payment. Once payment is made and posted eligibility will be sent to your claims administrators.

If you do not elect COBRA by the deadline specified in the packet, you relinquish your right to COBRA. If you wish to maintain coverage for the initial 30 days only following your separation, you will need to complete the election form and submit payment to BCI. You can then contact BCI to request to cancel your COBRA coverage. If no further payments are made, cancellation for non-payment will occur.

PLEASE NOTE: THERE WILL BE A GAP IN COVERAGE

Until you have made your elections and submitted payment to BCI and BCI then transmits the information to the appropriate claims administrators, costs incurred during this gap in coverage will need to be paid out of pocket. For reimbursement you can submit a claim to your claims administrator. Depending on when you make your elections and submit your payment, delays can be up to 60 days. In order to reduce this time, making your COBRA elections and submitting your payment is key, the earlier this is completed the shorter the gap in coverage.

Dental Care Expense Benefits

You may elect to continue dental for 18 months at the full COBRA rate, even if you retire and elect to enroll in Retiree Medical. See the chart below for the full COBRA rates.

Vision Care Expense Benefits

You may elect to continue vision for up to a total of 18 months at full COBRA rate, even if you retire and elect to enroll in Retiree Medical. See the chart below for the full COBRA rates.

Paying for Coverage

To maintain COBRA coverage, you must pay the full cost of continuation of coverage on time. If you elect continuation of coverage, you will receive coupons from the COBRA administrator, which will indicate when each payment is due. Premiums are due regardless of your receipt of payment coupon sent from BCI. Contact BCI at (866) 629-0274 if you have questions.

Payments can be made by mailing in your check or money order directly to BCI. You may also make a payment on line at www.avantserve.com or by calling BCI directly to make an electronic payment over the phone. Please be advised if you choose to make an online payment or payment over the phone, a fee may apply to these services.

Non-payment of premiums includes payments for continuation of coverage not postmarked within 30 days after the date payment is due or checks returned for non-sufficient funds ("NSF" or "bounced"). If full payment is not received within the grace period specified on the invoice, your coverage will be terminated.

Important: The charts below provide contribution costs for medical coverage. Health*matters* Reward Contribution Credits do not apply and will cease on your last day worked. Please see your COBRA solicitation package from Benefits Concepts for additional rate information.

This benefits summary is neither as comprehensive nor as detailed as the plan documents or policy on Jetnet. In the event of any conflict between this summary and the terms and conditions of any particular welfare, benefit plan or policy, such plan or policy will govern. Plans and policy remain subject to amendment, modification or termination at American's sole discretion subject to the requirements of any applicable agreement.

General Information for TWU Represented Employees Accepting the Early Out Incentive Package

Life Insurance

The group term life plan includes two options, which will allow continuation of life insurance coverage, conversion or portability. The American Airlines Group Life Insurance program includes continuation privileges when your coverage ends or you retire. Depending on whether the life coverage is company paid or employee paid, you may exercise your conversion or portability rights. Either of these options must be exercised within 31 days of the date your benefits terminate.

Life insurance benefits on account of yourself or dependents (if you currently have coverage) are payable should the insured individual die within 31 days following termination of employment. During the 31 days following termination, you may convert all or any part of your life insurance(s) to one of a number of individual life insurance policies issued by MetLife by calling (877) 275-6387. If you wish to convert your life insurance, or convert life insurance for your dependents (if you currently have coverage) you must apply directly to MetLife within 31 days following termination of your employment. MetLife will not require you to provide proof of good health.

Converting your Life Insurance

Under the company paid program (basic life), you may convert the amount of your group life coverage to an individual life policy (other than term insurance). In addition, if you are enrolled in the employee paid plan (i.e., employee voluntary term life, spouse life, or child life) you and your covered dependents or domestic partner may have the right to convert the amount of your group life coverage to an individual life policy (other than term insurance) or continue your group term life coverage and port your voluntary coverage amount.

If you apply for coverage during the specified conversion or portability period as stated above, the individual life or group term policy will be issued without the need to provide any medical information or undergo any medical examination. The individual conversion policy can be an amount equal to or less than the amount of your Life Benefits in effect immediately prior to the date your benefits ended, or reduced, less any amount continued for retiree benefits, if applicable.

How to Apply For Conversion - Call 1-877-ASK MET7 (877-275-6387) to speak with a MetLife Financial Services representative about the conversion process. Remember that you must convert any life insurance within 31 days of the date your employment terminated. There is no form needed for this process.

Porting your Life Insurance

Under the portability option, you may port an amount of your voluntary life election equal to or less than the amount of your Life Benefits up to a minimum of \$20,000 and maximum of \$1,000,000. If you apply for coverage during the specified conversion or portability period as stated above, the individual life or group term policy will be issued without the need to provide any medical information or undergo any medical examination. However, lower "Preferred Rates" are available upon your completion and approval by MetLife of proof of good health on a form provided by MetLife.

How to Apply For Portability - You will need to request a Life Insurance Portable Coverage form from HR Services by calling 800-447-2000 and chose the Health Benefits prompt. This form has a section that must be completed by you, the employee and a section for the company to complete. HR Services will complete the section for the company and return the form to the address on file with the company for you. Once both sections are completed you will need to send the Life Insurance Portable Coverage form directly to MetLife for processing at the address listed on the form within 31 days of the coverage ending with the company:

**MetLife Recordkeeping Center
P.O. Box 6169
Utica, NY 13504-6169**

If you have any questions about the Portability option, call MetLife toll-free at 866-492-6983 Monday through Friday, 8 a.m. - 8 p.m. Eastern time.

Section 3: Employee Programs

Travel Privileges

Provided you were eligible for travel privileges on your last day worked, travel privileges will continue on any of the carriers in the AMR Network for 18 months after the effective date of voluntary or involuntary furlough/layoff for you, your spouse or domestic partner (DP) or registered companion (RC), your dependent children and your parents. The AMR Network is defined as American Airlines, American Eagle, AmericanConnection, Skywest (marketed as American Eagle) and Expressjet (marketed as American Eagle).

If you reported for work on time for your scheduled shift and have not had any chargeable occurrences during the last 90 calendar days prior to furlough/layoff, you will receive 6 months of travel in addition to the current 18 months, for a total of 24 months of travel. Employees with a chargeable attendance occurrence during the last 90 calendar days prior to furlough/layoff will receive 18 months of travel. A chargeable attendance occurrence includes, but is not limited to any time missed for Injuries on Duty (IOD), Missed Trip, Report Late, Sick, Maternity Sick, No Call/No Show, Personal Other and Unpaid Absence.

The following travel privileges may not be used after the last day worked:

- D1, D3, A9
- OAL travel
- Industry discounts such as FedEx shipping, reduced rate hotel stays, etc.

You may continue to purchase AA20 positive space revenue tickets valid for travel on the AMR Network during your travel period. AA20 tickets may be purchased for you, your spouse or company-recognized domestic partner, your dependent children and your (employee's) parents.

Travel privileges are dictated by the terms of the specific program under which you separated from the company.

Travel Classification

For the first 90 days of your travel period, you and your eligible family members will travel at the D2 boarding priority (D2P for parents traveling without you).

After 90 days, you and your eligible family members will travel at the D2P boarding priority for the remainder of your travel period. The D2 travel classification will be eliminated from your Traveler Information after the 90th day for you, your spouse or DP or RC and your dependent children. Although the D2 travel classification will remain in your Traveler Information for your parents, they will **only** be eligible to travel at the D2P priority after the first 90 days.

This benefits summary is neither as comprehensive nor as detailed as the plan documents or policy on Jetnet. In the event of any conflict between this summary and the terms and conditions of any particular welfare, benefit plan or policy, such plan or policy will govern. Plans and policy remain subject to amendment, modification or termination at American's sole discretion subject to the requirements of any applicable agreement.

General Information for TWU Represented Employees Accepting the Early Out Incentive Package

****NOTE:** If you or one of your eligible travelers begins a trip prior to the 90th day and continues after the 90th day, it is very important to create two separate flight listings – the first one to reflect D2 in the ticketing field **prior** to the 90th day and the other one to reflect D2P **after** the 90th day. If you do not have the correct travel classification in your flight listing, Jetnet Check-in, airport agents and Self-Service devices will be unable to check you in for the flight.

Managing Your Travel Profile and Flight Listings

You will retain access to your Traveler Information profile on Jetnet. You may continue to use the following tools to manage travel:

Traveler Information Page on Jetnet - add/edit the profiles of your eligible travelers according to the rules outlined in the TRIP Book.

Non-Rev Travel Planner (NRTP) - check flight availability, create/edit/cancel flight listings.

1-888-WE-FLY-AA (1-888-933-5922) - If you do not have access to a computer, the team at WE FLY AA can help with schedules and create or cancel flight listings. Please do not contact Reservations to flight list, as you will be referred to 1-888-WE-FLY-AA.

Jetnet Check-In – You can check in up to 24-hours prior to departure. JetAway for iPhone and Android may also be used for flight check-in. Otherwise, you and your eligible travelers may use the Self-Service devices at the airport where available.

NRSA Charges

If you qualified for service charge waived travel prior to separating from the company, you will continue to be eligible, as applicable under company policies in effect at the time of travel.

For the first 90-days after separation, NRSA charges will calculate the same as they do for active employees.

After 90-days, in addition to applicable NRSA charges, travel will be subject to imputed income for tax reporting purposes unless Retirement or Disability is the reason for separation from the company. Imputed income will be calculated using the same formula that is currently applied for travel by RCs or DPs. See the Imputed Income section of the TRIP Book in the Travel Service Charges section.

- o **NOTE:** Employees affected by Reduction in Force (RIF), Stand-in-Stead (SIS), Early Out Incentive Package (EO) or Travel Separation, will be subject to imputed income for tax reporting purposes for travel after the first 90-days of separation from the company. No imputed income will be reported on travel privileges when Retirement or Disability is the reason for separation from the company.

You will receive an invoice via U.S. Mail for all travel services charges on a monthly basis. The invoice will be sent to the address you have on file with the company at the time of your separation. It is important that you contact HR Services with any changes to your address during your travel period. Along with your first paper invoice, you will receive instructions to set up electronic payment. You can set up electronic payment after paying your first bill.

Failure to pay your bill within 30 days of the invoice date will result in the suspension of your travel privileges, as well as a \$40 late fee will be assessed and added to the next invoice. After your payment and fee have been processed, your travel privileges will be reinstated; however, additional suspensions may apply to unpaid invoices.

Failure to pay any company debt may result in your travel eligibility being suspended. This includes, but is not limited to NRSA, salary overpayments, and non-payment of benefits. Your travel privileges will be suspended until the balance is paid in full or a pay plan has been negotiated and brought current (no pay plan option is available for NRSA). Required payment will include any associated administrative fees and waiting periods may also apply.

NOTE: Non-revenue travel is a privilege with certain responsibilities and is not a form of compensation. As with any policy, the Company reserves the right to change these privileges, in any way, if it is in the best interest of the organization for our employees and retirees.

Refer to the **TRIP Book** on Jetnet regarding any specific questions you may have surrounding travel privileges.

AA Credit Union

WHAT TO EXPECT FROM AA CREDIT UNION WHEN GOING OFF PAYROLL

At AA Credit Union, we believe in "Once a Member, Always a Member." Therefore, departure from AMR Corporation, or any subsidiary, does not affect your member/owner status or privileges. Although, if you are not already a member, you will not be able to join at a later date unless you leave as a retiree, so we would love for you to join today. We realize that your financial situation might change, and we are committed to working with you to make the best of your situation.

If you currently receive benefits for having Direct Deposit to AA Credit Union, we will continue to waive Jet Checking monthly fees for 100 days after your Direct Deposit ends. This grace period has been provided to allow you time to redirect an existing Direct Deposit or set-up a new Direct Deposit to the account. You will continue to receive your benefits for Priority Checking or Flagship Checking as originally contracted.

If you have loans at the Credit Union, you are still obligated to make the payments on them. Contact the Credit Union when you have gone off payroll. Your loan payments will convert from payroll deduction to monthly payments. Your next due date will be set approximately 30-45 days after your last FULL payroll deduction. We have several convenient ways to make future payments:

1. **ACH (Direct Electronic Payment)** - Through ACH you can make electronic payments directly from any financial institution to AA Credit Union. This is a convenient way to make a payment without having to write a check, pay for postage, or worry about a payment not reaching the Credit Union on a timely basis. You may pay your consumer loans on a weekly, bi-weekly, semi-monthly or monthly basis, whichever you prefer. Mortgage loans can also be made through ACH but only on a monthly basis. To sign up for ACH, simply fill out the "Agreement to REMOVE Funds From Another Institution" form and either fax it to (866) 293-9356 or submit it to a local branch. A copy of this form can be found at www.AACreditUnion.org in the online forms section.
2. **Direct Deposit** - If you have another source of income, you may want to consider directly depositing those funds into the Credit Union. Through written request, the Credit Union can take your payment directly from your checking or savings account on the schedule you choose. (Mortgages can only be set up on the first of the month.)
3. **Transfer from AA Credit Union share or checking account** - Payments for your loans can also be made directly from your AA Credit Union share or checking account via *CUAcce\$\$*, CALL-24, or through automatic transfer. To activate payment through automatic transfer simply put in writing from which account you would like the funds taken, on what dates, and to which loan you would like them applied. *Sign* the request and either fax it to (866) 263-9356 or submit it to a local branch. After initiating automatic transfer, the funds will be deducted from your account each month. If using *CUAcce\$\$* or CALL-24 you must initiate the transfer every time or you can set up a recurring payment. (Mortgages can only be set up on the first of the month and through automatic transfer. CALL-24 and *CUAcce\$\$* cannot access a mortgage loan.)
4. **Billing Notices** - Billing notices are also available if you would like to pay by check on a monthly basis. Notices are sent out three weeks prior to payment due dates on all cash pay loans except for mortgages. Billing notices can only be sent on a monthly basis. If no other form of payment is chosen, your payment will automatically defer to billing notices.

This benefits summary is neither as comprehensive nor as detailed as the plan documents or policy on Jetnet. In the event of any conflict between this summary and the terms and conditions of any particular welfare, benefit plan or policy, such plan or policy will govern. Plans and policy remain subject to amendment, modification or termination at American's sole discretion subject to the requirements of any applicable agreement.

General Information for TWU Represented Employees Accepting the Early Out Incentive Package

Billing notices or statements are not required and you are obligated to make your scheduled loan payment regardless of the methodology you choose. The Credit Union will not attach a final paycheck as payment(s) on the loan(s).

If your employment status changes, the limit on your AA Credit Union Credit Card or Line Of Credit Loan may be adjusted. If you have concerns, a loan officer can verify that your limit is consistent with the change to your income. You may visit one of our Branch Offices or contact the Phone Loan department at (800) 533-0035, ext. 4161 if this occurs.

A program (extension/deferment) is available to assist members having difficulty keeping their consumer loans current. You may visit one of our Branch Offices or contact the Phone Loan department at (800) 533-0035, ext. 4161 if this occurs. We will work with you during your transition period.

Should you need any further information or have any questions regarding the Credit Union, please call us at (800) 533-0035.

SUPER SAVER 401(K)

Contributions to the Super Saver 401(k) Plan will cease upon termination of employment. If your account is less than \$1,000, JP Morgan Retirement Plan Services (RPS) will send you paperwork to process your distribution or rollover. If your account is greater than \$1,000, you may elect to leave your account on deposit or take a total distribution of your account.

If you elect to leave your account on deposit, you may transfer your funds among the investment options. You may not, however, initiate new loans or make additional contributions/deferrals. By law, you must begin to receive payment from your account no later than April 1 following the year in which you reach age 70 ½. If you leave your funds in the Plan and have an outstanding loan balance, you must continue your loan repayments. Contact the JP Morgan Service Center at (800) 345-2345 to arrange your repayment schedule or access your account on the web at www.retireonline.com. If you fail to continue your loan repayments, the loan will be declared in default and you will owe appropriate taxes (and penalties, if applicable) assessed by the IRS.

If you elect take a total distribution of your account, you should contact JPMorgan Service Center at (800) 345-2345 for a withdrawal form and additional information explaining the tax implications instructions. If you are fully vested (three years of company service, in which you have worked at least 1000 hours each year), you may withdraw the value of the company contributions, also. If you take a total distribution prior to paying off a loan, the outstanding loan balance is reported to the IRS as taxable income.

There are tax implications involved in taking a distribution from the Super Saver 401(k) Plan. The Unemployment Compensation Amendment of 1992 requires that 20% of your withdrawal be withheld as a prepayment of your federal taxes. If you withdraw this money and directly roll it over into another eligible retirement plan (like another employer's 401(k) or rollover IRA), this 20% withholding will not apply. Remember, too, that you may owe more or less in federal and state income tax when you file your income tax return. There may be an additional 10% early withdrawal penalty if you withdraw pre-tax money before age 59 1/2 and you do not directly roll it over into another employer's eligible retirement plan or into an individual retirement plan (IRA). **You should consult with a competent tax advisor before taking a distribution from your account.** All inquiries and correspondence should be addressed to:

Retirement Planning Resources

If you're eligible to retire, American wants you to know all the benefits and privileges available to you--and wants you to understand the retirement process itself. There are varying criteria for becoming a retiree of American, for retiree health benefits coverage and for commencement of pension or 401(k) benefits.

If you're still actively employed with the company, please visit Jetnet's Retirement Planning page under the Benefits tab to review important details about retirement. After your separation, if you are eligible to retire now, or later when you become eligible, you can access resources to help you learn about your retiree benefits and privileges at any time at www.AACareers.com/support.

Early Out Incentive Package in Conjunction with Retirement

If you accept a voluntary separation package and are at least age 55 with at least 10 years of company seniority, you are eligible to retire from the company.

After your separation, please contact HR Services to process your Retirement Personnel Transaction Record (PTR) to activate retirement benefits and privileges. HR Services will conduct your individual retirement counseling session to ensure you understand the retirement benefits and privileges to which you are entitled, including pension commencement if eligible.

Early Out Incentive Package in Conjunction with the 50/55 Rule

If you accept a voluntary separation package and are between ages 50 and 55 with at least 15 years of service, you are eligible to retire from the company upon reaching age 55 under the "50-55 Rule."

Keep in mind that under the "50-55 Rule," you are **not** a retiree immediately upon your separation, but you will be eligible to retire from the company upon reaching age 55.

At age 55, please contact HR Services to request your Retirement Personnel Transaction Record (PTR) to activate retirement benefits and privileges. HR Services will schedule an individual retirement counseling session with you to ensure you understand the retirement benefits and privileges to which you are entitled, including pension commencement if eligible.

Include in your request your name, employee number, new address and old address, and a copy of your government photo ID.

Failure to maintain a current address could prevent the company from contacting you, should it be necessary to do so. Please note that filing an address change with AA does not file an address change with other services such as JP Morgan, American Airlines Credit Union, Benefit Concepts, HealthFirst, etc. Please ensure you advise all of your address change in addition to AA.

Reemployment

Employees who have elected to leave the company as part of the voluntary programs waive any recall rights or seniority credit they may have. You do not have reinstatement rights.

Employees who have elected to leave the company as part of the voluntary reduction in force may reapply to AA or another AMR subsidiary. While consideration can be given to your previous experience with the company, you will be considered as an outside candidate for jobs, and you may not apply for positions using the company's internal Careers system. You may, however, apply for positions listed on the external website: www.aacareers.com.

You will retain limited access to Jetnet for the duration of your travel privileges. Access includes the travel pages and news and will be expanded where appropriate over time. In addition, you will retain access to ePays for 36 months. Continue to use your same user ID and password.
