Use This Phone Script When You Call

"Hi, my name is _____ and I'm a member of the Transport Workers Union.

"I'm calling today to urge you to take action to STOP Norwegian Air International airline.

"The White House just gave this foreign airline permission to operate in the US even though it uses a "flag of convenience" scheme to avoid safety and labor laws.

"This is another example of a free trade agreement killing our jobs.

"The US has an airline trade agreement with the European Union that includes labor protections. But the White House just approved an airline that takes away our jobs, undermines safety, and cuts our pay.

"I want you to take action to protect our jobs and stop Norwegian Air International."

The staffer will now ask for your name, address and/or email.

After you provide this information it's time to end the call...

"Thanks for your time. Have a nice day."
