

Transport Workers Union Local 514

Representing American Airlines Maintenance Workers in Tulsa Oklahoma and Greater Southwest Texas.

Letter from President Danker on the Swearing In of TWU International President John Samuelson

May 2, 2017 • [0 Comments](#)

It is with great pride that I receive this information today ([See Posting HERE](#)). I welcome the transition of John Samuelson to President of the Transport Workers Union International. President Samuelson has fought hard for labor and won at a local of over 42,000 members strong this will only strengthen our position in our current negotiations. We wish Harry the best.

These negotiations have gone on far too long and I can now look forward with a renewed vigor in this fight for an Industry Leading Contract. Safety on the job, Dignity at the Workplace and a Living Wage. These look to be much closer now, to our future.

I will be meeting with John this week in Vegas to reassert our needs and concerns about current contract negotiations with AA.

Union,
Dale
