4189 Ballots were sent to eligible voters. 44 Ballots were returned to TrueBallot undeliverable. 9 Duplicate ballots were sent to members. 1281 Returned envelopes were registered against the list of eligible voters and any ineligible ballots were removed.

Ballots were removed from their secret ballot envelopes and after empty envelopes were set aside, 1280 Ballots were counted. After the ballots were registered, the outer envelopes were opened, and ballots were removed. Ballots were optically imaged and processed to obtain the data. Rules were applied to the data to remove void data from the tally. Questionable ballots were audited and corrected as needed.

The results of the balloting are herewith certified and are attached hereto. It is our opinion as Impartial Balloting Agency that the results of the balloting are true and accurate, the ballots were properly counted. At the end of counting, all ballots and materials were placed in appropriate containers, sealed and delivered to the organization. A CD with all the ballot data and ballot images was delivered along with the ballot materials.

* Coin flip conducted – Scott Chisum was heads and Gary Olivier was tails. Heads was the result of the flip. Scott Vet Guy Chisum will be awarded the sixth E-board position.
