

Tulsa Team,

A member of our work family **Bradney Chitwood** has fell on extremely difficult circumstances. For the last two weeks, he has been with his wife and newborn out of state due to a medical emergency. Both mother and baby will require extensive stays in the hospital and face a difficult time ahead.

Here are a few ways we can all help:

- Gift your vacation. This option allows you to donate vacation time to a team member that has a serious illness or injury or who are needed to care for a family member with a serious illness or injury. If you can donate Vacation Time, please scan the QR code below and follow the instructions:

- If you prefer to donate money, there will be a bucket in 6C.
- If you have points available to donate, please do so. Bradney could use the points to acquire gift cards that could be used for food and/or gas. Scan the QR code below and select recognize now.

Should you have any questions or other ideas of ways we can help our brother during this time, please see one of the 6C Supervisors.

Thank you!
