

TUL Prescription Safety Glasses Program Updates

AUGUST 2026

What is changing: TUL team members will now have three ways to obtain prescription safety glasses: virtual, offsite, and onsite when available.

Onsite service (coming soon)

WHEN SELECTED FOR THE STATION

When an onsite optician is selected, visit the onsite location during posted hours to order your prescription safety glasses. Get personalized assistance selecting frames, placing your order, and having your glasses adjusted when they are ready for pickup.

Offsite service

LOCAL PARTICIPATING PROVIDER

Visit a participating SafeVision provider to order your prescription safety glasses. Meet with a licensed optician for personalized, face-to-face assistance throughout the ordering process. Explore available frame options and place your order during the visit.

Virtual service

AVAILABLE FROM ANYWHERE

Meet virtually with a licensed optician to order your prescription safety glasses. The SafeVision Virtual Optician provides personalized support throughout the process and can be accessed from anywhere with a stable internet connection.
